It is no new and untried article, but one that has stood the test of a ten years trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals, in all parts of the country is immense. The following from your own State is respectfully submitted, referring any who may still doubt, to my "Memorabilia, or Practical Receipt Book for Farmers and Families," to be had gratis of all the Agents for the German Bitters.

Principal office and manufactory, 120 Arch st., Philadelphia, Pa.

TESTIMONY FROM MAINE.

Capt. Daniel Bleat, Franklin, Maine, July 10, 1854, says: "I was taken sick one year ago last April upon my passage from Havana to Charleston, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement, of Hoofland's German Bitters' in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man,— I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We thank Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health, than she has for years.— She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK.
Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.

KENNEDY'S
MEDICAL DISCOVERY

The Greatest of the Age!

MR KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are no ifs nor ands about it, hawing some cases but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty, and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week.— There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get, and enough of it.

ROXBURY, Sept. 19, 1853

This is to certify that H. H. HAY, Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE, and that he is supplied with the GENUINE, direct from my Laboratory.

O. W. STONE'S
LIQUID CATHARTIC
—AND—
FAMILY PHYSIC,

The most important discovery ever made in Medical Science, being a compound of Barks and Roots, which forms the most powerful, safe, and agreeable physic ever offered to the public.

THE necessity of such a medicine having been felt both by the heads of families and physicians, its advantages over cathartics taken in the form of Pills or Powders must be obvious to every intelligent person. It operates more immediately and effectually upon the system, and at the same time is infinitely less difficult to administer, being quite agreeable to the taste. It not only produces all the effects where physic is required, but completely removes habitual Costiveness, leaving the bowels perfectly free. It expels all humors from the blood, is a certain cure for the Piles, Regulates the action of the Liver, frees the stomach from Bile, invigorates the whole Nervous System, and removes the cause of all local pains, such as

Rheumatism, Neuralgia, Tic Doloureux, Gout, Pain in the Head, Side, Stomach, &c.

It may also be relied upon in all diseases of the Bowels—DYSENTERY, DIARRHŒA, AND CHOLERA MORBUS, yield at once to its magical influence. Again we repeat, TRY IT!—it needs no other recommendation. No family will be without it after they have properly tested its merits. I assert, if you have tried other remedies, without success despair not—relief is now at hand. Are you suffering from Scrofula, Scorbutic or any Liquid Cathartic will cure you. Would you be relieved from habitual Costiveness, three bottles will effect all that you desire. If you are afflicted with Rheumatic, Neuralgic, or other local pains, two bottles will relieve you from them.— All humors will be eradicated from the blood by the use of from one to six bottles. In short, if you require a physic for any purpose, this is the most reliable, safe, and agreeable to the taste that has ever been placed within the reach of the public.

HARRISON'S
Columbian Tonic Stimulant

WILL cure all diseases caused by prostration of digestive power. Its action is immediate, as a stimulant to rouse the vital energy to its healthy force, as a tonic, to sustain and perpetuate that force till healthy secretions are restored and natural power returns. It will remove all mild forms of Cholera, Cholera Morbus, Dysentery, Bilious Cholic, Fever, and Fever and Ague, and in connection with *Harrison's Columbian Vegetable Emetic*, will cure the most severe cases of these and other acute diseases in the shortest possible time. The Dyspeptic finds immediate relief, and permanent cure in its use. For all Bronchial and Pulmonary affections, it has great restorative efficacy.

The alcohol and opium inebriates will find it a perfect substitute for both these disease-engendering and health destroying articles. It is an exclusively vegetable composition, and a pure tonic and stimulant, without the slightest diseasing property in its composition or action on the system. The friends of Temperance then will find it an agent of great potency in their cause, and that the vitiated cravings of a diseased appetite under its use will give place to healthy action and natural desire. It is delicious to the taste, and grateful to the sensibilities of the stomach. It may be taken in its present form, a *rich syrup*, or in water, making a *delightful beverage*. As a daily beverage its deliciousness is *unequalled* by any fermented or alcoholic preparation. It prevents as well as cures disease. Its use is applicable in all climates, in all seasons, to all diseases, and in all conditions of life, and from extreme of infancy to extreme of age. Price $1.

HARRISON'S
Columbian Vegetable Emetic

It is the only *safe* and *certain* medicine in all severe forms of Cholera, Cholera Morbus, Billious Cholic, Dysentery, Pleurisy, and every other acute disease. It has great remedial power in all Chronic diseases. LAWRENCE, June 14, 1854.

We, the undersigned citizens of Lawrence, having used the Vegetable Allied Ointment prepared by Dr. E. D. Hayes, of this city, and being personally acquainted with the Doctor, feel pleasure in adding our testimony to all the benefits claimed for his medicine. Unlike other remedies in the market, this preparation performs its office speedily and with certainty. The Ointment we have used with the most happy result, after vainly seeking relief by the free use of Sarsaparillas, Salves, ect., ect.

Our experience fully justifies us in confidently recommending it as the article, and the only one known to us as performing all it claims.

The State Election.

We give below, from the Kennebec Journal, the returns for Governor, by Counties in the whole State, except 4 towns and 12 plantations, which last year gave Morrill 135, Parris 302, Reed 145, and Cary 46. Returns for Members of the Legislature, County Officers, &c., are nearly complete. The facts are derived from official and private sources. It will be seen that the vote for Morrill will amount to nearly FIFTY-TWO THOUSAND, a noble Republican phalanx, which for number, character and resolution was never equalled by any other political party of the State.

The whole number of votes thrown is 109,97-. THERE IS A MAJORITY AGAINST JUDGE WELLS OF 13 775.

Gov Morrill has received 7513 VOTES MORE THAN HE DID LAST YEAR, AND LEADS JUDGE WELLS 3,089 VOTES.

MASSACHUSETTS.—The nomination of Hon Julius Rockwell, for Governor, by the Republican Convention at Worcester, was a wise movement and one that will give such solidity and strength to the new party, as surely to make it the dominant party of the State for the future. It fixes the great body of moderate conservative, anti-slavery Whigs in the ranks, and leaves only those who are pro-slavery at heart to go in with the hunker-Democrats. The contest this year will be a hard one, to be sure, in consequence of the acrimonious fight against the Maine Law and against Know-Nothingism. The Liberals, the old line Democrats and the Silver Grey Whigs, will all be combined in favor of Beach, the Liberal Candidate, and will make a desperate fight but they would not have the remotest chance of success, but for the numerous "liberal" voters who will swarm to the polls, in order to secure free liquor once more, but who can never be brought out on any other occasion. The Republican party, however, will prevail, as we believe, even in this the first year of its organization, and under these particularly unfavorable circumstances. But should it not be successful at this election, it will stand better to be defeated with Mr. Rockwell as a candidate, than to be successful with Mr. Gardner, for in the latter case the victory would be but stigmatized as one of Know-Nothingism—while in the former, the Republican party would remain consolidated, and sure of victory next year. We think however that Mr Rockwell will be elected—for it is probable the Whig State Convention, to be held on the 2d of October, will endorse his nomination.

The Boston Journal says:—"The Atlas and Advertiser of this city, and the New Bedford Mercury (Whig) express themselves in favor of the nomination of Rockwell by the Whig Convention. We do not believe there is a Whig paper in the State, unless it may be the Courier, which will take a different course."

New Publications.

CLOUDS AND SUNSHINE, and ART, A DRAMATIC TALE. by Charles Reade, author of "Peg Woffington," &c. Boston: Ticknor & Fields. 1855.

This is a pleasant volume, issued in the elegant style of Messrs. Ticknor & Fields. It contains two attractive and sprightly tales of English life, written in a most genial and happy style, and well calculated to warm up the affections of the heart. The characters and events are depicted in a most graphic style, and human nature is delineated with a master's hand.

For sale by Patch & Lewis.

PEN PICTURES OF THE BIBLE, by Rev. Charles Beecher, with an Introduction by Harriet Beecher Stowe. New York: J C Derby. 1855.

This volume is No. 1 of a Series designed to interest young readers in the study of the Old Testament—and from the pen of Mr. Beecher, it can hardly fail of that object. It takes up some of the most interesting bible characters—as Ruth, Saul, David, Absalom, and Solomon—and illustrates the more prominent points of their history.

For sale by E .P. Duren.

SARGENT'S STANDARD SECOND READER, by Epes Sargent, Boston: Phillips, Sampson & Co., 1855.

The books of Sargent's Standard Series have become already too well known, as excellent school books, to need particular recommendation at the present time. The Fourth and Fifth Readers are in use in this city and approved. The Second Reader is just published, and will doubtless be widely adopted.

For sale by E. F. Duren.

The Horticultural Exhibition closed on Friday evening, and a portion of the fruits and vegetables were sold at auction on Saturday. Some of the Black Hamburg, White Water, Frontignan and other grapes sold readily at one dollar the pound, and the plums sold at proportionate prices.

The receipts of the Society for entrance tickets were larger than anticipated—showing a very general interest in the exhibition. There were 700 or 800 visitors.

The award of premiums will be published hereafter.

FIREMEN'S MUSTER AT SPRINGFIELD.—We learn that one hundred and twenty-eight fire companies, with their engines, have already notified the Engineers of Springfield of their intention to be present on the 27th and 28th inst., at the grand Muster of Firemen.

SINGULAR. The Gloucester Telegraph states that the schooner Shooting Star, of that port, was taken upon a marine railway last week for the purpose of discovering a leak in her bottom. Upon examination, a place about one foot in length and eight inches in width was discovered to be worn nearly to the thinness of a wafer. On taking off the plank, two pebble stones, each a little larger than a hen's egg, were found, and their constant rolling, caused by the motion of the vessel, had worn the plank, which was upwards of two inches thick, nearly through. It is supposed they were dropped inside of the ceiling when the vessel was building, and there remained. Had the vessel gone to sea again without discovering this leak, she might have suddenly filled and no cause could have been assigned for it.

SWEET POTATOES. That these favorite vegetables can be raised in this State, although not with all their southern sweetness—has been pretty well ascertained, and they can be raised more readily than is generally supposed. We saw some of small size, at the recent Horticultural Exhibition, which were produced by Mr J. S. Bedlow of this city, from slips planted in common hard ground, without manuring or any extra cultivation whatever.

MAIL BY RAILROAD. We understand a petition is in circulation praying that our western mail may be brought by railroad from Waterville, to this city. It would in that case arrive here at 7.23 P. M.—some six or seven hours earlier than by the old arrangement.

Thanks to Edwards & Co.'s Express, for late Boston papers, per steamboats.

INCREASING THE DEMOCRATIC VOTE.—The Ellsworth American, in an article headed "HOW IT WAS DONE!" publishes the following letter.

AMHERST, Sept. 17, 1855

FRIEND CHANEY—*Dear Sir*—While at the Great Pond Settlement (Plantation No 33) last week, I was both amused and provoked to learn the proceedings of the people there on election day, pertaining to the manner it was conducted, and the principles manifested.

In the first place they have just fifteen legal voters in the place, still they carried *Twenty-two Votes*! all but three being for Wells or Reed—The Board appeared to receive all votes offered, whether *legal or not*, so long as they were of the character that favored their political tenets.

One person, an Irishman on being asked to vote declared openly that he would not, as he had no naturalization papers. besides he had not been in the place but three weeks, and he swore he would not vote. Still he was urged on until he was over persuaded to cast his vote, the box uncovered and his vote was received notwithstanding it was objected to by one or two true hearted Republicans.

Various Matters.

NEW YORK, Sept. 21.—Rachel has yielded to the wishes of the public, and reduced the price of admission to her performances. In making the announcement her manager, M. Felix, states that the average of his receipts thus far exceeds what he thought it just to count upon, and therefore he makes the reduction with pleasure. Arrangements have been completed for Mlle Rachel's appearance in Boston and Philadelphia. She goes to Boston first.

The steamboat Wave, lying in the North River, was nearly destroyed by fire this morning. The loss is estimated at from $25,000 to $30,000.

Wm. Schaffenberg, convicted of the murder of his betrothed, was this morning sentenced to be hung on the 16th of November.

ONE PROFITABLE RAILROAD.—The annual meeting of the Hartford and New Haven Railroad Corporation was held at Hartford on Wednesday. It appears from the annual report that the earnings for the last year have been $730,012, expenses and interest, $433,167. A semi-annual dividend of five per cent. and an extra dividend of five per cent. were declared, making fifteen per cent for the year.

WASHINGTON, Sept. 21.—The *Union* of this morning contains a correspondence between the Secretary of the Navy and the President, relative to the late action of the Naval Retiring Board. Both the Secretary and the President approve of the doing of the Board.

INFORMATION WANTED.—James Chapman, a *non compos mentis* person, 52 years, left the residence of his mother, Widow Mary Chapman, in Starks, on Thursday the 30th day of August last, since which time his friends have been unable to hear from him. Said Chapman was a small man; rather round shoulders, and poorly dressed, when he left home. Any information respecting him will be thankfully received by his much distressed mother.—*Somerset Spec.*

Fishing schr ——, of Castine, bound home with 22,000 fish, sprung aleak, no date, on or near the Grand Bank, and was abandoned—The crew barely escaping with their lives, got on board schr. Pamlico, which arrived at Plymouth on Monday. The citizens of Plymouth contributed enough to take them home.

A BATCH FOR THOMASTON.—At the recent term of the Supreme Judicial Court at Augusta, the following sentences were pronounced.

James D. Blanchard, (Adultery,) 1 year in State Prison, David Guild, (Adultery,) 2 years in State Prison, Louis Baxter, (Adultery,) 3½ years in State Prison, Samuel Dunton, (breaking and entering store in night time, and committing larceny,) 2 years in State Prison, Hannibal Hinckley, (embezzlement,) 2 years in State Prison.

HAVANA NEWS—YELLOW FEVER AT THE SOUTH. *New Orleans*, Sept. 20. The steamer Black Warrior has arrived from Havana, with dates to the 17th.

The news is unimportant. Sugars are still firm and the tendency upward.

The yellow fever is increasing at Vicksburg, Natchez and nearly all the points on the Mississippi, Ouchita and Black Rivers. At Canton yesterday, there were twenty two new cases and two deaths. At Vicksburg, there were ten deaths, yesterday. Prices of cotton are a trifle higher.

WHITE MOUNTAINS CAPPED WITH SNOW. We learn from Mr. Hobbs, conductor of inward morning train, that yesterday the weather was very cold, and heavy snow squalls prevailed among the mountains the day and night before, and that the summits of Washington, Adams, Jefferson, Madison, Monroe and Carter, were completely capped with snow.

In consequence of the great cold, the Tip-Top and Summit Houses were evacuated and closed up for the season. The Glen house is still open. —*Argus.*

THE POP BEER QUESTION SETTLED.—The great political question, whether or not the old women of Maine can manufacture Pop Beer, which has been so ably and eloquently discussed by Judge Wells before the people for the last two months, was settled on the 10th inst., by referring the whole matter to the Straitout Whigs, and Hunker Democrats.—*Oxford Democrat.*

THE WHEELER SLAVE CASE.—*New York*, Sept. 21. The Philadelphia Bulletin of last evening states that during the recent trial of the Wheeler slave case, an attempt was made to bribe the jury to return a verdict against the defendants. DIED.

At Washington Heights, New York City, Aug. 18th, Mrs. Mary B., wife of Rev O H White, and daughter of Rev S L Pomroy, D D, of Boston, aged 24, late of this city. To those who knew and loved this young Christian it was a sad Providence which called her from them at so early an age, to the presence of that Saviour, whom she had long before chosen as her portion. Though her life on earth was short, she had won many warm friends, and not a few who in earlier or later years had come with in the sphere of her influence, could trace to her faithful counsels, and aptly spoken words, the instrumentality which led them to seek the "strait and narrow way," and to learn of the same Saviour whom she loved so well—Decisive and energetic in character, she entered with her whole heart into every subject which interested her, and she carried the same energy and decision into her religious life. She was no half way Christian, but ever loved to acknowledge that her hopes were in Heaven, and her best treasure there. Those who mingled with her in the scenes of her early home can speak most warmly of her consistent life, and her earnest desire to live for Christ and to win souls to him. Though life was very precious to her, yet when she learned that the summons had come, and she must no longer here, she was able to give up every bright hope all that was attractive in her home circle, and say she "was perfectly willing to go." The Saviour whom she had so long trusted was by her side in the dark valley, and spoke words of peace to her heart—The more she thought of her bright home above, the more attractive it seemed and as the week wore away, she sank to sleep to wake, we doubt not in the bosom of her Saviour, to begin to [illegible] the Eternal Sabbath, and to join, with loved ones gone before, in the everlasting song.

"Shall the selfishness
Of earthly sorrow interrupt that song,
Or break that holy rest? 'Asleep in Jesus!'
(What music in the words!) Hark to the strain
In gentle cadence stealing from the skies,—
'Mourners! why shed for me mistaken tears?
If ye did love me ye would now rejoice,
Because I said, I go unto my father.'"

PATENTS.

American and Foreign Office.
AGENCY FOR BUSINESS
WITH U.S. PATENT OFFICE,
WASHINGTON.
No. 76 State Street, opposite Kilby St.,
BOSTON

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U S Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty*, as paid back by others,) will be remitted by him in case of failure to obtain a patent, and the withdrawal through him, within thirty days after the rejection. Caveats, Specifications, Assignments, and all necessary papers and drawings, for procuring patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents.

Inventors here not only can obtain their specifications on the most reasonable terms (generally about 30 per cent less than those of others in the profession,) but avail themselves of the experience of twenty years' practice, an extensive library of legal and mechanical works, and correct accounts of patents granted in this and other countries besides being saved a journey to Washington the usual great delay there, as well as all personal trouble in obtaining their patents. Copies of claims of any patent furnished by remitting *one dollar*. Assignments recorded at Washington.
R H EDDY,
Solicitor of Patents.

"During the time I occupied the office of Commissioner of Patents, R. H EDDY, Esq of Boston, did business at the Patent Office as Solicitor of Patents. There were few, if any, persons acting in that capacity, who had much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office,
EDMUND BURKE,
Late Commissioner of Patents.

[From the present Commissioner.]

"AUGUST 17, 1855.—During the time I have held the office of Commissioner of Patents R. H. Eddy, Esq. of Boston, has been extensively engaged in the transaction of business with the Office as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

Commissioner of Patents.

The Grist Mill is well built, in good repair, within about two miles of the flourishing village of Dundee, on Big Stream, and has an abundant supply of water at all seasons. It is situated in the heart of the heart of the rich agricultural country on Seneca Lake, unrivaled for its fertility, and accessible by different Rail-roads from all parts of the Union, being but a mile and a half from the Canandaigua and Elmira Railroad, and commands a large share of the custom work and flouring business of the surrounding country.

IMPORTANT PROCLAMATION: A Great Mystery Explained.

In the year of our Lord 1847, in our capacities of analytical chemists, we discovered that by uniting certain vegetable agents, which had never before been used in medicine, we obtained properties possessing such a marvellous quick power over PAIN, that the moment it was applied to the parts affected with pain, all uneasiness ceased. The most torturing pains were relieved in an instant, and the most violent spasms and irritations were soothed, and the system restored to perfect ease in a few minutes

In 1849 we introduced this Remedy to the world under the name of

RADWAY'S READY RELIEF

It has been used by hundreds of thousands throughout the United States, giving instant ease to all troubled with Pain or sickness

One application externally, or a few drops taken internally, will instantly free the sufferer from the most violent and terrible pains, and restore the weak, feeble, and prostrated frame to strength and vigor.

No person has ever used RADWAY'S READY RELIEF without deriving some special benefit in less than fifteen minutes after its use.

Let those who are now suffering any sore or pains give it a trial, for in fifteen minutes they will enjoy ease and comfort

RADWAY'S READY RELIEF

was the first and is the only remedy ever discovered that will stop the most torturing pains in a few seconds, and free the system from Rheumatic, Neuralgic, Nervous, and Miasmatic Disorders in a few hours It will cure and protect the system against sudden attacks of

CHOLERA,	DYSENTERY,
DIARRHŒA,	CHOLERA MORBUS,
BILIOUS CHOLIC,	FEVER AND AGUE,
PNEUMONIA,	INFLUENZA.

Bear in mind, it is a powerful Disinfectant, anti-acid, diffusive stimulant, nervine, anti-spasmodic, and counter irritant.

The R. R. REMEDIES are medical discoveries of the present century They are prepared on an entire new and original theory, to stop pain instantly, and protect the human system against sickness or any sudden attacks The doses required to be taken are small. A few drops of READY RELIEF exercise a powerful influence over diseased action.

IT HAS CURED
Rheumatism in four hours,
Neuralgia in one hour
Croup in ten minutes,
Diarrhœa in fifteen minutes,
Toothache in one second,
Spasms in five minutes
Sick Headache in fifteen minutes,
Chill Fever in fifteen minutes,
Chilblains in five minutes,
Sore Throat in four minutes,
Influenza in one hour

SPINAL COMPLAINTS, Stiff Joints, Cuts, Bruises, Wounds, Frost Bites, Cholera Morbus, Dysentery, "Le Dolores", and all other complaints where there are severe pains, RADWAY'S READY RELIEF will instantly stop the pain, and quickly cure the disease

[For the remarkable efficacy of R. R. R. Discovery, No. 2, and the complaints cured by Radway's Renovating Resolvent, see in next week's paper.]

DR. J. H. SCHENCK'S

SEA WEED TONIC,

—FOR THE—

Cure of Dyspepsia.

THIS remedy is composed of a compound preparation of a common weed growing along the sea shore, and is a certain remedy for the cure of Dyspepsia and its accompanying diseases, to wit

Sour and Sick Stomach, Loss of Appetite, Headache, Pain in the Side and Breast, Palpitation of the Heart Ulcers and Eruptions of all kinds, Chills and Fever, Gravel, and Diseases of the Kidneys, Nervousness, Weakness of the Limbs, Fainting Spells, and all diseases peculiar to Females

Nearly every person is more or less afflicted with Dyspepsia, or some of the diseases connected with it, and it is with feelings of pleasure that Dr Schenck can announce to all such the discovery of the virtues of the Sea Weed which is just the remedy for their ailments Dyspepsia and the many diseases arising from it, is caused by the deficient secretion of the gastric juices, and weakness of the powers of the stomach The effect of the Sea Weed Tonic is felt soon after it is taken, as it supplies at once the principles of the deficient gastric juice, and the food is digested naturally In fact the Tonic so nearly resembles the natural gastric juice that chemists even find difficulty in distinguishing them. It gives tone and strengthens the stomach, thus enabling it to secrete the proper quality and quantity of Gastric juice, and Dyspepsia and its diseases soon disappear

It is a well known fact that none suffer like the Dyspeptic, for in addition to the Dyspepsia there is often either Headache, Sour and Sick Stomach, Pain in the Side, Palpitations of the Heart, Chills and Fever, Gravel, Disease of the Kidneys, Nervous Weakness and Tremors, General Debility, Faintness, Loss of Appetite, Bad Taste, Fever, Stoppages in Females, all or each of them arising from a disordered state of the Stomach, and here is a newly discovered *remedy*, for the trifling sum of one dollar, that will cure all this train of diseases!

Now, Dyspeptic, will you not avail yourself of this remedy for so trifling a cost? or will you still suffer on The choice is for you to make The Sea Weed Tonic is a pleasant bitters, giving a person a good appetite and good digestion is put up in quart bottles, always agrees with the stomach, and *one bottle* generally effects a cure Whenever the bowels are costive, the tongue furred, or the complexion sallow, a few of Schenck's Mandrake or Liver Pills are to be used. A box of these Pills accompany each bottle of the Tonic, and will be found in a recess of the bottle covered with a label

SCHENCK'S

MANDRAKE PILLS

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver and give a healthy tone to the entire system Indeed, it is no ordinary discovery in Medical Science, to have invented a remedy for these stubborn complaints, which develope all the results produced by a heretofore free use of calomel—a mineral justly dreaded by mankind—and acknowledged to be destructive in the extreme to the human system That the properties of certain vegetables comprise all the virtues of calomel, without its injurious tendencies, is now an admitted fact, rendered indisputable by scientific researches, and those who use the Mandrake Pill, will be fully satisfied that the best medicines are those provided by nature in the common roots and herbs of the fields

The Pills open the bowels and correct all bilious derangements without salivation, or any of the injurious effects of calomel or other poisons The secretion of bile is promoted by these Pills, as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tongue

Ample directions for use accompany each box of Pills, and the price of a quart bottle of the Sea Weed Tonic and box of Pills combined is only one dollar But separate boxes of Pills can be had of any of the agents for 25 cents

These remedies are prepared under the personal supervision of Dr. J. H. Schenck, proprietor of Schenck's Pulmonic Syrup, the well established remedy for Consumption, Bronchitis, Coughs, Colds, &c, &c, and the inventor of the celebrated Respirometer, for examining and detecting all diseases of the Lungs, Heart, &c.

DR. J. H. SCHENCK'S

PULMONIC SYRUP,

For the Cure of Consumption.

THE proprietor of this medicine was himself, many years ago reduced so low as to be given up by his physicians and friends in the last stage of Consumption When all hopes of ever getting well had fled, he was strongly recommended to use a Syrup made from an old Indian receipt, which succeeded in effectually curing him The family physicians and a large number of respectable gentlemen certified to the facts of this case, and soon the Pulmonic Syrup obtained a reputation never equalled in that section of the country Creating, as this case did, a sensation second to that only of a miracle Dr Schenck was waited upon by many similarly afflicted to whom he administered the Syrup with the same beneficial results In fact, such was the notoriety of this medicine, that eminent physicians had their attention drawn toward the rising reputation of it from having witnessed its curative powers and freely extended the hand of friendship and encouragement to Dr Schenck, and introduced the medicine to the public and used it in their daily practice

No other medicine operates upon the system in the manner that the Pulmonic Syrup does It produces a healthy action upon the diseased parts by purifying them from disease, it promotes the expectorations, allays the cough, ripens the matter on the lungs, and when it is discharged, it heals the opening that the breaking of the tubercles or abscess produces and the lungs become sound and resume the performance of their natural functions it also soothes the irritated portion of the lungs and other organs, and thus restores these parts to health A superior property the medicine possesses over all others is, that it contains no opium calomel, or any other deleterious medicine

In 1841 Dr Schenck removed from Flemington New Jersey, to Philadelphia, and commenced the practice of his profession where he soon acquired a reputation excelled by none, in curing a disease that has heretofore been deemed incurable, and he has since then daily presented to the world incontestible evidence of his success

Both of his parents died with Consumption, which appears to have been an hereditary disease with his father's family. All his brothers and sisters except one, died early of this disease, none of them, but the one brother, reaching the age of twenty

Thus left nearly the last of his family, he naturally felt some alarm, as one after another were consigned to the silent tomb by this fell destroyer

VOLUNTARY TESTIMONY.

We, the subscribers, residents of Flemington, do hereby certify that we are well acquainted with Dr J H Schenck. He was attacked by disease, which, as we believe, terminated in Pulmonary Consumption, under the operation of which he was reduced so low as to be unable to leave his bed for a long time, and to all appearance was past recovery He is now perfectly well—his cough and fever have left him, and we feel justified in declaring it as our belief that these salutary effects have resulted from the use of the Pulmonic Syrup
